

Workshop on NLP for Empowering Justice (JUST-NLP 2025)
Shared Task: Legal Machine Translation (L-MT)

The Workshop on NLP for Empowering Justice (JUST-NLP 2025), co-located with IJCNLP–AAACL 2025 at IIT Bombay, Mumbai, India, is dedicated to advancing research in Legal Machine Translation (Legal MT)

Ranking Factor: AutoRank↑ represents the aggregate average performance across multiple automatic evaluation metrics for Machine Translation systems.

$$\text{AutoRank} = \frac{1}{6} (\text{BLEU}_{\text{norm}} + \text{METEOR}_{\text{norm}} + (1 - \text{TER}_{\text{norm}}) + \text{CHRF} + +_{\text{norm}} + \text{BERTScore}_{\text{norm}} + \text{COMET}_{\text{norm}})$$
